## MANY PEOPLE STILL BELIEVE IN WITCHES

Says Prof. Smith, of Berea College, in Address To Folklore Society At Louisville.

Home remedies, charms and witch doctors are not entirely of the past, according to an address delivered by Prof. J. F. Smith, of Berea College, at the annual meeting of the Kentucky Folklore Society in Louisville last week.

Prof. Smith took the place on the program of President William G. Frost, of Berea College, who is in France. He claimed signs and sayings are as true to many country folks as the scripture, and personal experience has proved to him that women are much more credulous "mystic believers" than men.

The speaker vividly pictured how many a poor soul through ignorance goes to the witch doctor, is bound to secrecy and meets an untimely death, and made an ardent plea for medical service in outlying districts.

"Babies are most frequently the sufferers," he said. "Many a mother believes that the skin of a hawk placed on the stomach of a babe will immediately cure colic; that sore eyes are made well by snow water, and consumption cured by swallowing a live toad daily."

Prof. Smith told of weather signs, of quaint old phrases, and folksongs that should be viewed with pride. He also praised the negro folk-music and the many half-forgotten, old fashioned plays of our grandparents' day. He sang a number of the old songs and played several selections on the flute.

"Names and Their Origin," was the subject of Judge Charles B. Seymour's address. He explained that names were meant to designate, not describe, and gave several examples to illustrate the point. Mitchell, according to the speaker, is the oldest English surname. Judge Seymour called attention to the constant change in pronunciation, and claimed it is necessary to know history to understand derivations. Especially appealing was the singing of old negro melodies by Mrs. Fanny Middleton Hunter, of Shelbyville.

Resolutions of sympathy were passed on the death of Miss Josephine Gill, a member of the society who had accomplished great work among the mountain people of Kentucky.

The following officers were re-elected: President, Dr. D. L. Thomas, Danville; first vice president, Mrs. Fanny Cassidy Duncan, Louisville; secretary, Miss Myra Sanders, Louisville; treasurer, Prof. J. F. Smith, Berea; L. L. Dantzer, of the University of Kentucky, was chosen second vice president.

### Jap's Troubles In Korea

(Correspondence Associated Press) Tokyo, July 4.—Reports that American missionaries incited the Korean insurrection are quite incorrect according to a statement of K. Yoshizawa, counselor of the Japanese foreign office, who has returned after an investigation of the situation in Korea.

Speaking to Japanese newspaper men Mr. Yoshizawa expressed the view that the disturbances were the outcome of a collision between the old-fashioned thought of the Ten-dokyo cult and the modern thought produced by the influence of Christianity. Mr. Yoshizawa continued: "A lack of perfect understanding between the Japanese and Koreans is one of the main causes of the disturbance, but the principal cause that led to the uprising is the discontent and complaint in the mind of the Koreans, which suddenly burst out, prompted by the new born thought kindled by the principle of self-determination. The simple and childish political thoughts of the Korean people can be well imagined from the fact that a large number of Koreans came to the government general at Seoul at the time of the disturbance in March and April and inquired of the officials about the truth of the alleged independence of Korea."

"How to save the future of Korea and Koreans is a grave question that seriously taxes the brain of the Japanese government."

### Army Tents For Sale.

100 army tents, 16x16 feet; 9 oz. duck; will sell cheap. See Jas. B. Parke, Red House, Ky. 167 Stead

Watermelons & Cantaloupes on ice at Neff's Fish and Oyster House, phone 431. 179 It

## WILLARD FAVORITE

(By Associated Press)

Toledo, July 4.—Jess Willard remained the favorite in the betting over Jack Dempsey prior to their 12 round boxing contest here this afternoon, but from each principal and their managers came renewed expressions of confidence.

The first preliminary between Tommy Doyle and Solly Epstein, at 11 o'clock found only a few thousand spectators present.

At noon thousands had arrived and the seats were filling steadily. The temperature in the press stands was then 112.

## PARIS CELEBRATES

(By Associated Press)

Paris, July 4.—Linden skies dimmed the color but not the enthusiasm of Independence Day in Paris which celebrated today as never before in its history. Indeed with all the French public offices and schools closed, there was every sign that the French people have cheerfully adopted the "Glorious Fourth" as an extra holiday of their own.

The celebration started at nine o'clock when the vast space of the Place de Concorde was packed with people to watch the parade and review of the French and American picked troops, marines and blue jackets which marched past President Poincare, Gens. Pershing and Poch. After the review American Ambassador Wallace and a distinguished company proceeded to the cemetery where Wallace laid a wreath on the tomb of Lafayette.

## BASE BALL TODAY

Detroit 1, Chicago 8.  
American Association  
Louisville 6, Indianapolis 0.  
Columbus 9, Toledo 8.  
St. Paul-Minneapolis, postponed wet grounds.

### Youngster Broke Arm

Joe Tevis rawks, the bright little 10-year-old son of Manager Gray Fawkes of the Kentucky Utilities Company, fell off his bicycle and broke two bones in his left forearm, which Dr. D. J. Williams set and the youngster is up and smiling. The little fellow took a hand off the handle bars to lift his hat and the wheel struck and bump and over he went with disastrous results.

### Robbins Loses Job

The Fiscal Court of Fayette county abolished the office of county agricultural agent, as a step in the interest of economy. It was stated that the work of the Kentucky agricultural experiment station and the university staff there made the office unnecessary. The place was held by L. S. Robbins, formerly of Richmond.

### Biblical Methods In Sardinia

(Correspondence Associated Press) Rome, July 4.—Relics of Biblical pastoral life, plunging with wooden hooks drawn by oxen, reaping by the most primitive implements and other occupations of the nomadic peoples of antiquity remain the manner of living today in Sardinia, according to Dr. Alfred P. Dennis, commercial attaché of the United States embassy here, who has just returned from the island after making an exhaustive study into the trade possibilities of it. "Sardinians present a living picture of the remote past which has been stereotyped and handed down from antiquity," said Dr. Dennis to the Associated Press correspondent. "Water-wheels with earthen buckets, wooden ploughs drawn by oxen, the scythe and the sickle still in use in reaping vast fields—nomadic occupations unchanged since the days of the Aryan dispersion—tribal costumes as gay and grotesque as the trappings of the mediaeval peasant—all reproduce in the veriest similitude the archaic life of bygone ages."

### Celebrating The Fourth

Mr. and Mrs. James Washington Crutcher, of Georgetown, are having interesting ceremonies at their grandfather's home, a mile from Crab Orchard, the 4th of July. A handsome flagpole will be placed in front of the Whitley mansion and "Old Glory" unfurled on that day. Noted speakers will be present. A watermelon feast will be one of the day's entertainments.

### BOYS SHIP MANY PIGS

The boys down in Marshall county are rapidly becoming breeders of registered hogs, under date of May 31st the county agent wrote: "In all, this week, the boys of the Marshall County Pig Club have shipped out of the county 55 purebred pigs, netting them \$725.00. This nice bunch of pigs went to supply a Pig Club at Cadiz. It may be in order to remark here that two years ago there were not 25 hogs in Marshall county eligible to be shipped in all the breeds fifteen boys raising."

## U. S. OWNS ABOUT ALL GOLD IN WORLD

(By Associated Press)

Washington, July 4.—Already possessed of the greatest single stock of gold in history, the United States could lay claim to most of the remaining free gold of the world in payment of its favorable merchandise balance, the Federal Reserve Bulletin, will say in its July issue. Its balance is approximated at nine billion dollars, in the last three years and bids fair to continue at the same rate this year, affording a problem to arrange the payments, without bankrupting the debtor nations and still further enhance the cost of living here through the importations of more metal.

## BIG BALLOON ARRIVES

(By Associated Press)

St. Johns, July 4.—The British dirigible R-34 reached Notre Dame Bay this morning on its way from England to Minola, Long Island.

### Trouble In Peru.

(By Associated Press) Lima, Peru, July 4.—A revolutionary movement was accomplished here this morning without bloodshed. President Pardo and his cabinet were imprisoned by revolutionaries in charge of Gen. Caceres, who later turned over of affairs to President-elect Leguia.

Presidential election in Peru was held last May, the result of which had been in dispute. Leguia, the independent candidate, claimed his election by a substantial majority, which the civil party candidate, Aspillaga, asserted would be carried before Congress which convenes July 27th.

## THREE GO TO FIGHT

Anyone with a drop of sporting blood in his veins is interested in the big heavyweight boxing match at Toledo, Ohio this afternoon, when the world's championship will be decided. Sentiment seems to favor Dempsey, but most of those who sentimentally are for him are afraid of the size of Willard. Madison county has sent several to Toledo to see the big affair. They wired for tickets far ahead and so are assured of good seats. Among those who left this week for the big go were Messrs. A. R. Burnam, Jr., and Jim Higgins of this city and John H. Welch, of Berea. The big fight starts at 3 o'clock this afternoon, and the last edition of the Daily Register will tell the story by rounds.

**"UNCLE JOE" WILSON DEAD**  
"Uncle Joe" Wilson, a well known citizen of the Union City section, died at the home of Joseph C. Reeves there Thursday. His wife preceded him to the grave only a short time ago. Funeral services will be held Friday afternoon. Mr. Wilson was esteemed by all who knew him.

Pay your city license and avoid the penalty. 181 3

## OFFICIAL NOTICE TO TAXPAYERS

As required by section 72 Kentucky Revenue and Taxation laws, my office is now open and will be open as required for the purpose of receiving the tax list of the people of Madison county. Please take note of your possessions and call in to see us the first time you are in town. Yours truly, Ben R. Powell Tax Commissioner.

### Today's Honor Roll

Slightly Wounded—John Myers, Milford; Lee Golden, Basket Station. Died, Reported Killed in Action—Herman Rethwisch, Louisville. Wounded Degree Undetermined—Charles McFadden, Owensboro.

## THOSE FINE BIG MARES.

Got in too late for sale last Saturday, but we have two splendid loads here and will sell them for the high dollar at the East End Stock Yards, Saturday, at 1:30 o'clock. These are high class, cracker-jack mares in every way, fine big-bone and just what you are looking for. Roy. C. Woods; Bob Walker, Auct. 182 3

## POLE QUESTION COMING UP LATER

Special Session of Council Will Act on Matter—Other Doings of the City Fathers

The City Fathers met in regular session Thursday evening with Mayor Evans and all councilmen present, with the exception of Mr. Powell who was unable to be there. A goodly number of representative citizens also gathered who were interested in the question of the removal of the telephone, lighting and power poles and wires from the principal business streets of Richmond.

Mayor Evans stated that the matter of removing poles and wires would be taken up at a later period, and the Council at once proceeded to dispose of other matters of importance. A special session of the council will probably be held about the middle of the month to dispose of this matter.

The special license tax was discussed by different member of the council, the Mayor stating that his attention had been called by the livermen of the city to the fact that they were licensed and asked that parties operating hitch lots should also be taxed accordingly. After a few minutes discussion, the license tax of \$5 per year was assessed against them. Auto garage licenses were raised from \$15 to \$45, and shoe cobblers who had been overlooked in making up the list, were also required to pay a license. Mayor Evans commended the Board of Supervisors upon their good work in raising \$300,000 on property tax without friction among the taxpayers of the city.

Councilman O'Neil suggested that insurance be taken out on the \$8,000 fire truck, which was recently bought, and stated that while the insurance was rather high, being \$2.15 on the \$100, that several citizens had called his attention to the matter and suggested that the council give the matter consideration. After several members had discussed the advisability of incurring the extra expense, and since two men are in constant watch over the machine both day and night, it was decided that the suggestion should be passed up.

The matter of putting tarvia on the Summit to South Second street was taken up and discussed by Councilman O'Neil, Mayor Evans, and others. Judge Baxter was called upon to speak to the council, and after stating that the cost would be reasonable, amounting to about \$300, and that it might be tried on other streets, if it proved satisfactory; it was approved. It was also agreed to place tarvia on the new street, Irvine to Main, the county furnishing the tarvia for both streets at cost.

Judge Baxter also called the attention of the council to the fact that their rock quarry was being used to good advantage, stating that more rock has been taken out this year than in the past three years, and suggested that the council consider the advisability of purchasing the houses now occupied by colored citizens, so that the houses could be moved and the quarry extended further back. Mayor Evans appointed the Street Committee to investigate the matter.

Councilman Merston brought up the question of buying a new horse for the street cleaner, since he is complaining that he loses so much time in getting over the city with Old Grey, who has seen better days. Councilman Golden made motion to buy a new "hoss," and was appointed by the mayor to sell Old Grey.

Messrs. Will Wagers, D. L. Cobb and Warfield Bennett, of the Madison Tobacco Warehouse, were before the council seeking a permit to make an extension to their warehouse, and in order to do so, they wanted the right to close a blind alley which bordered on their property. Mr. Bennett presented the matter in a very capable manner, showing a diagram of the plans, and after a full explanation was made, Councilman Terrill made a motion that the request be granted, which was seconded and passed unanimously.

Mr. Jeff Tribble was given a permit to lay pipe from his shop

at the rear of the Opera House to the branch on Water street, in order to demonstrate the power of the water pump, which he is exhibiting to the farmers.

Mr. Walter Stewart asked for a building permit, which was referred to the building committee.

After all bills were ordered paid the council adjourned.

## READY FOR REDS

(By Associated Press)

Chicago, July 4.—While officially optimistic that today would pass uneventfully, precautions were taken to act quickly in case of any demonstrations toward fulfillment of threats of a radical outbreak. Two companies of the 14th United States Infantry are quartered in the city and state militia was ordered to hold itself in readiness. No parade permits of any kind were issued.

### Taking No Chances

Whitesburg, July 4.—All public building and industrial plants are under guard here today as a precaution against anarchist outbreaks.

### Flynn Taking No Chances

(By Associated Press)

Washington, July 4.—Every possible precaution is being taken here today to prevent any possible anarchist outrages. All public buildings and the homes of public officials are guarded and persons suspected of anarchistic tendencies are closely watched. Wm. J. Flynn, Department of Justice Director of Investigations, said while he had no information of a nation-wide plot to attempt outrages on Independence Day, yet nothing is being left undone to prevent a possible outbreak.

### Watching At Boston, Too

Boston, July 4.—Acting under Washington orders, armed infantry patrolled the postoffice, custom house and appraisers' stores today. It is announced the guard will be maintained over the weekend.

## KENTON PHYSICIAN PRAISES TRUTONA

Dr. Richards' Indorsement Backed By 35 Years Constant Medical Practice

Kenton, Tenn., July 3.—Dr. J. Richards, 78 years old, has been a resident of this vicinity for years and is well known and highly respected by everyone. For the past 35 years Dr. Richards has been actively engaged in the practice of medicine here, during which time he has won the confidence of thousands of acquaintances together with the credit of being among the most prominent physicians in this part of Tennessee. His following public indorsement of Trutona will give thousands faith in the perfect tonic which can only increase with use of the new medicine. "Everyone knows that a man in my profession would not and could not recommend a medicine unless it was nearly one of merit," Dr. Richards said. "But I have tried Trutona and I know it to be a tonic of real merit."

I've been annoyed with nervousness for several years. My appetite was poor, too, and I found it difficult to rest well at night.

"Duty compels me to recommend the new tonic as an appetizer, a strengthener, system builder and a real nerve tonic. In short—a tonic that has real medicinal merit. I hope everyone suffering from nervousness, loss of appetite and a generally run down system will try Trutona!"

Trutona is now being introduced and explained in Richmond, Ky. at H. L. Perry & Son's. It

## RICHMOND TO FIGHT FOR FEDERAL COURT

Stanley and Cantrill About To Slip Over Their Scheme While 8th Has No Congressman

Unless strong action is taken by the people and business men of Richmond, the semi-annual sessions of the United States District Court which is held here, will be removed from Richmond.

Hearing that Judge A. M. J. Cochran, Hon. A. M. J. Cochran, U. S. District be called upon for a recommendation in the matter, a number of local men sent him the following telegram this morning: Hon. A. M. Cochran, U. S. District Judge, Maysville, Ky.

Citizens of Richmond protest against any proposed endeavor to remove our federal court, civil or criminal, and respectfully request your Honor to make no suggestion or recommendation to that end. We have had but little notice of hearing and would like opportunity to be heard of desired. R. E. Turley, W. C. Bennett, R. R. Burnam, C. C. Rhodus, L. P. Evans, R. C. Stockton.

A dispatch from Maysville yesterday had the following to say about the matter:

Maysville, Ky., July 3.—Lexington wins the fight for United States Court sessions The Department of Justice requested Judge A. M. Cochran to hear arguments in favor of contesting towns and today listened to delegations from Lexington and Winchester. Winchester was represented by Judge J. M. Benton, County Attorney S. T. Davis and Green Garrett. Lexington was represented by George R. Hunt, George C. Webb, R. L. Northcutt and Bailly D. Berry. After hearing the arguments presented by these gentlemen, Judge Cochran decided that Lexington was the proper place in which to hold sessions of the Federal Court, whereupon the gentlemen from Winchester stated that they would join with the lawyers from Lexington in a request to Representative Cantrill to substitute Lexington for Winchester in the pending bill.

The utter uselessness of this fight to change the federal court from here is patent to everyone except those who want it removed to Lexington. The government spent over \$20,000 only a few years ago, enlarging and improving the local federal building in order to accommodate the court here, and the large and commodious rooms of the building would be utterly useless if the court is removed. It would be necessary also to spend a large amount of money enlarging the federal building at Lexington to take care of the court, for the building there is taxed to its capacity now, handling the post-office and the Internal Revenue in the government's building in Lexington and a large amount of money would have to be spent to enable it to accommodate a session of federal court.

The sole motive behind the matter is the desire of Congressman Campbell Cantrill to get a federal court for his district and a petition from Lexington to Senator Stanley. Judge Chas. A. Hardin, Democratic nominee for congress in the 8th at the special election, was here this week, and said that he will do all in his power to prevent the court being removed from Richmond in the event he is sent to Washington August 2nd at the special election. At present the 8th district is without a congressman, so that protests have been made to Senator Beckham to block this scheme until Judge Hardin can get on the job for Madison at Washington.

### Summer Complaint Quickly Relieved.

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family. July
